EXPERIENCE

January 2022 - Till date

Frontend Developer
Uncle Digital Limited.
Developed and maintained frontend codebase for multiple client websites, ensuring cross-browser compatibility and responsive design.

Collaborated with UX designers and backend developers to implement user-centric features and functionality.

Optimized website performance by conducting regular audits and implementing necessary improvements.

Participated in code reviews and provided constructive feedback to team members.

Assisted with debugging and troubleshooting frontend issues to ensure smooth user experience.

January, 2020 - December,2021

Web Developer
Realty Pointers.
Collaborated with the team to design, develop, and maintain the company's website, ensuring a user-friendly experience and responsive design for mobile users.

Implemented a dynamic property listings system, enabling real-time updates of available properties, images, and descriptions, improving the browsing experience for potential clients.

Worked closely with cross-functional teams, including designers and marketing, to align web development efforts with the company's branding and marketing strategies.
